Values

Continue to grow (growth)

We each own our next step in being transformed by grace and truth spiritually, emotionally, physically, and financially. We keep it as simple as possible to connect and grow.

Do whatever it takes (sacrifice)

We embrace change, new ideas, innovation, and anything short of sin to reach more people for Christ. We sacrifice what we love for who we love more.

Give it away (generosity)

We freely share the resources, gifts, talents, and grace God has given us with others. We are for the people in our community and we are willing to do what it takes to serve in ways meaningful to them.

Empower leaders (leadership)

We multiply impact by empowering leaders to invite, equip, and release teams to do ministry. We invest and believe in the next generation of leaders for today and tomorrow.

The Vision

To be one church, thousands of locations, and a few campuses
